ABOUT US

Ambitus World School, the one and only **Cambridge Curriculum (IGCSE) School among 8 prominent schools of Futuristic Edu Initiatives**, began functioning in 2013 in Hyderabad. Headed by a group of committed, dedicated and passionate professionals, Ambitus has redefined education with its progressive concepts and laid a world-class platform for the 21st century learners. Nestled amidst nature in a **5.5acre campus with 80% open area**, the school offers the state-of-the-art infrastructure and sports facilities for its students and is one of the fastest growing international schools in South India. The school follows the rich and much sought after Cambridge Curriculum that helps students become confident, responsible, reflective, innovative and engaged. Ambitus, being a **learner-driven institution**, uses the cutting-edge technologies to instil knowledge amongst its students.

EXPERIENTIAL PEDAGOGY

Ambitus believes in experiential and interactive teaching methodologies, **allowing a two-way flow** of information between the teachers and the students. It doesn't simply rely on teacher-commanding education. The teachers are regularly trained to involve the students and bring out their creativity and innovation.

As a true leader, Ambitus provides a topnotch platform for its students, guiding them towards proper exposure and maintaining connectivity with the society to become the change which will bring them success. The students are encouraged **to be self-reliant and self-sustaining**. Ambitus also provides the opportunity of **'Freedom to Fail'** - for it believes that 'failure' is not simply the 'absence of pass' but to **'FACE, RISE AGAIN AND SUCCEED'**.

It offers a unique trans-disciplinary program designed to foster the all-round development of the individual student encompassing social, physical, emotional and cultural needs as well as academic excellence.

FORTHCOMING DEVELOPMENTS

To cater to the need of the century, Ambitus vows to make its students future-ready as it plans to introduce new Design Thinking labs that include Robotics, 3-D Printing, Auto Desk, Maya etc.

ALUMNI'S MESSAGE

"I did it, in fact we did it. A team of seven won The TiE-Young entrepreneurs business plan, Hyderabad charter finale. Initially, I thought, we did not have any great ideas. But now I realize that it is not about having a life changing idea but an attitude of looking into solving problems, that matters the most. I thank my school Ambitus for instilling in me, spirit of fighting and facing challenges with confidence. Apart from my efforts, it was the encouragement of faculties at Ambitus who inspired me, motivated me and helped me realise my dream. They played and will play a crucial role in shaping my personality and what I would be. Proud to be an alumni of Ambitus."

Sreeja Muppidi, Alumni Ambitus (Batch 2016)
